Press Release

Bunting, Earls & Associates to Provide Sales Representation for Ascent Medical

Ascent Medical, a subsidiary of Salalah Medical Device Manufacturing Company, SAOC (SMDM), today announced that it has signed an agreement with Bunting, Earls & Associates to provide sales representation for its access and interventional guidewires.

According to Vice President Marketing & Sales, Rich Riddle, "The addition of Bunting, Earls to our network of manufacturer's representatives will provide Ascent Medical with sales coverage in the central US and other strategic regions. Having worked with Randy Earls and his team before, I am confident in their ability to quickly and effectively represent our products and services and to expand our sales reach as an organization."

Bunting, Earls & Associates has been selling to medical device companies for 45 years, representing a portfolio of complimentary components and services to the medical OEM manufacturers.

Ascent Medical Corporation is a manufacturer and supplier of guidewires used for the guided placement of catheters and other medical devices used in the diagnosis and treatment of numerous medical conditions. Ascent Medical offers a range of guidewire sizes from 0.018" diameter up to 0.060" diameter in both un-coated and PTFE pre-coated configurations.
